INFORMATION MEETING AGENDA

1. Greet and welcome everyone.

2. Have each person introduce himself or herself and give a two-minute story on how God has been leading them to this point. (Even if you all know each other, share about what God is doing in this moment of your journey toward missions.)

3. Share your vision
   - Give the trip objective and discuss how this fits into the bigger vision of the potential impact your team can have.
   - Talk about the organization and country where you will minister.
   - Show any pictures, power-point or DVDs that the ministry partner provided.
   - Paint a verbal picture on what to expect on this trip. (i.e., We'll load the plane and touch down in Africa. After being greeted by a national pastor, we will take a four-hour jeep ride to the village we will be working in, etc.)

4. Walk through the information packet, highlighting transportation, lodging, ministry focus, and cost per person. Talk briefly about support-raising options, both for personal and group support.

5. Overview Logistics
   Pass out applications and other forms parents will need to sign.

6. Prayer
   Spend time praying for the place where you will be ministering and its people and for God to focus and prepare you as a team.

7. Homework assignment
   - Talk with your parents.
   - Fill out application and forms.
   - Ask students to do some research on a related cause (such as poverty or HIV) or more of the country/region/city and culture. This will be used at the first information meeting. Everyone will share something.
