

Dear Jr. High Youth Worker,

Jesus' Sermon on the Mount is one of his more famous moments, but I'd be willing to bet most of the kids in your junior high group haven't given it a second thought. That's where this curriculum comes in! In this study, your students will look at the beatitudes and discover together how living a life that reflects these challenging attitudes is worth the effort.

I love to get students talking about stuff they would probably never talk about on their own. I've been in junior high ministry for a LONG time and I can honestly say I've never overheard a group of junior high kids chatting about the poor in spirit or those who hunger and thirst after righteousness! If you've used a resource from us before, you know that it isn't the fanciest stuff around, but it gets kids talking about stuff that matters.

Like just about everything at Simply Junior High, this resource has the ability to be easily tweaked, twisted, and turned inside out in order to make it fit the needs of your students more specifically! This material is simple to use and will save you lots of time, which will allow you to focus on loving your students and training volunteers.

Thanks for allowing Simply Junior High to partner with you from a distance!

Living life to the fullest,
