

STELLAR CHRISTMAS CAST OF CHARACTERS

At Stellar Christmas, Bible Memory Buddies from Stellar VBS retell the Christmas story. These Buddies are celestial beings. There's...

- **Cosmo the star**—Cosmo has been around awhile and sees a lot! Cosmo is wise and confident.
- **Ringo the planet**—Ringo is confident, popular, and cool! Ringo is extra enthusiastic and a little shouty. He just can't contain his excitement!
- **Luna the moon**—Luna is calm and cool.
- **Sol the sun**—Sol is cheery and warm! Sol brings sunshine to the world!
- **Halley the comet**—Halley is fast, energetic, even sporty!

Plus, you'll need the following additional roles:

A Stellar Christmas Host—This person narrates the program. Your pastor or children's pastor could fill this role. (Maybe that's you!) Or you could ask an enthusiastic children's ministry volunteer. Confidence and clarity are key for this role!

2-3 volunteers are special assistants, ready to help situate and select kids for special roles. Adults who make quick decisions and are used to working with kids are great for this role. Be sure to communicate with volunteers ahead of time so they know just what to do.

3 readers—Choose three expressive narrators to read the Christmas story from the Bible. Consider asking some parents or grandparents ahead of time. It's a fun way to get family members involved! Remind readers to read slowly, pausing to allow time for nonspeaking parts to act out the Christmas story as they read.

Nonspeaking parts—These children will play people in the Christmas story and act out what's read. You'll need:

- Mary
- 3 shepherds
- Joseph
- angel

Everyone plays a part at Stellar Christmas! All other children are stars, and the audience will provide the sound effects!
