

Simply Loved Quarter 1 Adaptations

Pre-K & K Quarter 1, Unit 1, Week 1

God Creates the World

Opening Options

Video lessons at home:

- Choose Play Dough Creations. Families may already have play dough at home.
- Or, drop off Opening Options supplies for families and include play dough and pompoms for the whole month.

At church or with several families in a home:

- Avoid sharing pompoms and play dough for now.
- Add a small bag of pompoms in various colors and a small container of play dough to each child's supply box.

Sing and Play

Video lessons at home:

- Your playlist will look like this! You'll record the highlighted segments. Skip the "One Thing Remains" music video for copyright reasons.

Video 1: "Hello, My Friends" song*, Bible Point Introduction, and Buzzly Bee Intro
Buddy Video: Savanna Week 1*

Video 2: Bible Memory Buddy and Verse

Music Video: "He's Got the Whole World in His Hands"*

At church or with several families in a home:

- No tweaks this week!

Bible Discovery

Video lessons at home:

- Direct one person to be the Lights Keeper and be ready to turn room lights on and off.

At church or with several families in a home:

- Rather than “Knee-to-Knee,” make “Arms Out & Eye-to-Eye” Circles. Appropriately distanced tape marks on the floor will help!

Apply-It Options

Video lessons at home:

- Play the game as written.
- Skip Food-n-Friendship.
- Send Coloring Creations* pages to families ahead of time.

At church or with several families in a home:

- Adapt the game. Form a big, distanced circle. Have the child who’s “It” move inside the circle, rather than outside. That way they can point to “Goose” without touching. The “Goose” will jump up and make that animal’s noise, then become the new “It.” So kids will be jumping and honking instead of running and tagging.
- Follow your church’s safety protocols for distributing food in Food-n-Friendship.
- Add Coloring Creations* to individual supply boxes. For now, you may want to skip gluing a leaf onto the page. That way, your little friends won’t require quite as much close assistance.

Goodbye Circle

Video lessons at home:

- Send Bible Memory Buddy stickers* to families ahead of time.
- For your video lesson, play “Goodbye, My Friends”* and do the motions.
- Be sure to look the camera “in the eye” as you explain how to give Bible Memory Buddy stickers. You’re demonstrating how families can affirm and bless each other.
- Instead of having families pause the video, play the Bible Memory Verse song as families give stickers at home.

At church or with several families in a home:

- “Hide” Bible Memory Buddy stickers* upside down in individual supply boxes.
- Call kids by name, and invite them to find their Bible Memory Buddy stickers in their supply boxes.

**In your Simply Loved Kit*
