5) Form small and large Flames into circles and connect the slits. Make X-Brace piece and ensure the 4 slots are facing up.

**5a)** Insert X-Brace into large Flames and snap lock tabs into 4 holes in large Flames.

6) Roll up Torches and insert 2 wing-tab locks to secure shape.

6a) Slide Torch Ropes over Torches until snug fit.

**6b)** Attach *Torch Ropes* to Background with bolts and push Torches into cutouts on the Background.

7) If desired, a battery-powered LED Tea Light can be placed inside the Flames for a flickering effect. Insert the small circular Candle Base into the middle to provide a platform for the light.
